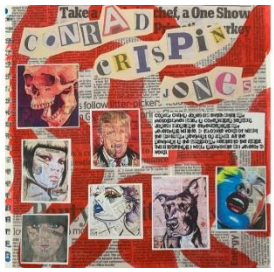
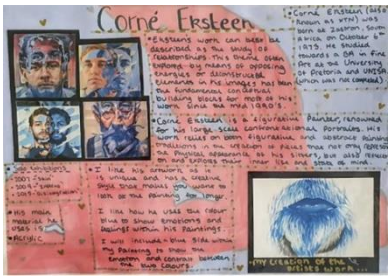
A Level Art – Prep Work

Artist research

Task 1: Research a theme of art you would like to study. This could be portraiture, Architecture, landscapes, natural forms etc.

Task 2: Look at 2 artists that you like the work of. You can research artists on Google, Pinterest, Instagram etc. Create a PowerPoint with a page for each of these. The page will contain images of their work and some information about them.





Task 3: Take photographs for these artists. Try to capture the same images as the artist i.e. if you're looking at a portrait artist you will take photos of faces. Add these images onto you PowerPoint.

Task 4: Complete one image on the style of the artist using your photograph. Select the appropriate medium for this.
