Courses and Careers

 A variety of higher educational courses e.g. Sociology, Psychology, English, Business Studies, Law and Teaching.

 Sociology is a useful qualification for many fields of employment e.g. Civil Service,
Public Relations, Research, Business,
Journalism, Police, Teaching, Probation,
Health and Welfare.

What kind of student is this course suitable for?

- Those who want to find out more about the link between people's behaviour and their social environment.
- For example why are couples choosing to cohabit instead of marrying? Why do more men commit crime than women?
- Those who want a course that will complement a wide number of other A Levels.

What do I need to know before taking this course?

- Not an easy A Level: reading, evidence, difficult debates. Highly academic.
- Don't need to have studied the subject before
- Good skills of communication: class discussions and being able to construct essays
- Department Support
- Helps you become a critical thinker, enables you to engage with many different kinds of people.
