

# A Level Art – Prep Work

## *Artist research*

**Task 1:** Research a theme of art you would like to study. This could be portraiture, Architecture, landscapes, natural forms etc.

**Task 2:** Look at 2 artists that you like the work of. You can research artists on Google, Pinterest, Instagram etc. Create a PowerPoint with a page for each of these. The page will contain images of their work and some information about them.

**Task 3:** Take photographs for these artists. Try to capture the same images as the artist i.e. if you're looking at a portrait artist you will take photos of faces. Add these images onto your PowerPoint.

**Task 4:** Complete one image on the style of the artist using your photograph. Select the appropriate medium for this.
